

Twisters Gymnastics Club

Withdrawal Policies 2020-2021

Fall Session – 14 week program (September 14 – December 21)

Tuition is broken down to 4 equal installment payments and auto charged on the first business day of the month. Tuition has been calculated to include all scheduled gym closures and will not be pro-rated. Gymnastics BC Registration fees are non-refundable and non-transferable.

WITHDRAWAL

When registering for the session you are committing to the 14 week program but if for some unforeseeable reason you need to withdraw the following withdrawal policy is in place:

Classes can be dropped at any time with 1 full calendar month notice (just like rent). Notice **MUST** be in writing (email or handed into office).

Example – Notice given October 8th would be notice for the end of November – tuition would still be payable for November and athlete would remain in class until the end of November.

You are responsible for tuition payments whether your athlete attends the class or not.

As tuition is divided into 4 equalized payments, there may be a balance owing or a refund at the withdrawal date. Tuition refunds/charges will be determined by the number of classes that have occurred up to the withdrawal date. Any outstanding balance/refund will be accounted for in the final equalized payment.

First day of class withdrawal

Athletes who wish to withdraw after their first class must come to the office at the end of class and will be removed from the class and a pro-rated refund will be issued. If the office is closed, an email must be sent that same day.

For 10-month specialized programs and competitive programs, please refer to your policy manuals for the withdrawal policy.
