

# Twisters Gymnastics Club

## Withdrawal Policies 2024-2025

### **September 3rd-June 22**

Tuition is billed monthly and auto charged on the first business day of the month. Tuition is pro-rated based on closures and holidays. Gymnastics BC Registration fees are non-refundable and non-transferable.

### **WITHDRAWAL**

When registering for the session you are committing to the program but if for some unforeseeable reason you need to withdraw the following withdrawal policy is in place:

Classes can be dropped at any time with 1 full calendar month notice (just like rent). Notice **MUST** be in writing (email or handed into office).

**Example – Notice given October 8<sup>th</sup> would be notice for the end of November – tuition would still be payable for November and athletes would remain in class until the end of November.**

**You are responsible for tuition payments whether your athlete attends the class or not.**

**As tuition is divided into 4 equalized payments, there may be a balance owing or a refund at the withdrawal date. Tuition refunds/charges will be determined by the number of classes that have occurred up to the withdrawal date. Any outstanding balance/refund will be accounted for in the final equalized payment.**

### **First day of class withdrawal**

Athletes who wish to withdraw after their first class must come to the office at the end of class and will be removed from the class and a pro-rated refund will be issued. If the office is closed, an email must be sent that same day.

For 10-month specialized programs and competitive programs, please refer to your policy manuals for the withdrawal policy.
